GOVERNMENT OF MYSORE

Rec'd 26.6.20

My dear Secretary Sir.

I am enclosing a representation from Mr.Krishna Iyengar in original for your kind perusal. I feel a certain amount of sympathy with Mr.Krishna Iyengar in his present position and I feel inclined to give him a local allowance of Rs.250 under the circumstances. If you agree, the matter may perhaps be considered in Council.

Yours sincerely,

M.Kantaraja Urs

3

Office of the Joint Secretary to Government,

D.O. Mysore Public Works Department,

Dated, Bangalore, the 16th January 1920.

My dear Sir,

With reference to my personal representation to you some days back, I beg to submit copy of a memorandum handed in to the Dewan at a personal interview in July 1918.

15-00 Rs
4/163

You will kindly observe that all the alternative requests I made except that of emoluments have been graciously sanctioned by Government, I feel extremely thankful for the just and generous way in which my case has been viewed by Government.

You are aware of the exacting intellectual work required in connection with the Arbitration case, intricate questions relating to Gauging and Regulation disputes with the Madras Government and complex problems to be dealt with in connection with the design of Waste Weir and other incidental matters relating to this important project.

In consideration of the arduous nature of the duties, I may not be considered extravagant if I should put in a request for some special or local allowance to compensate me for my troubles and as a sort of quid pro quo for having lost my chance for the Chief Engineership owing to circumstances over which I could have no control.

If you are satisfied that the circumstances of my case justify such a concession you will be so kind as to speak to the Dewan about the matter and help me in getting a special allowance of Rs 300 at least being sanctioned to me from 1st January of this year.

Yours sincerely,

M J

To

P. Raghavendra Rao, Esq., B.A., B.L.,
First Member of Council, BANGALORE.

Memo handed in at the personal interview with the Dewan 21.9.18

---

1. Doctors disagreed as regards the nature of my illness

2. Government, in virtue of the authority vested in them, permitted me to rejoin duty and apparently wanted to put me to a practical test. The test was sufficiently severe and crucial. I have come out of the ordeal successfully.

3. It is now possible to make a declaration and decide my case finally. The time has also arrived for such a decision one way or the other.

4. I. If I am considered fit, I may be kindly appointed Chief Engineer and Secretary, P.W.D. which post falls vacant on 27th instant. I have worked for it and earned it and beg I may be tried in the appointment.

Mr.S.Cadambi, came here as Irrigation Chief Engineer and Joint Secretary. This post is quite an anomolous one as long as there is a combined establishment to be worked by two officers. On the other hand, the Cauvery Reservoir Works have a separate establishment. He comes from one of the largest irrigation works

in Bombay and is getting a high pay. It is fitting that he be appointed Chief Engineer, Cauvery Valley Irrigation, and Joint Secretary to enable him to deal with important questions direct with Government. The above will be the most appropriate arrangement as already suggested several times.

2nd alternative.- If for any reasons of their own, Government feel quite unable to accept the proposal, I may be appointed as Chief Engineer, Cauvery Valley Irrigation on the same pay as Mr.Cadambi who is not a loaned officer but has secured his own terms with Government. Being his senior in all respects and having served in various responsible capacities here, and as a sort of quid proquo for the waiver of my claim and in consideration of the exacting and onerous work I have to do, I may not be considered extravagant in my request. This promotion will in a way allay any impressions of my supersession by one who has not worked for the post and has yet to show his worth. To facilitate my business I may be appointed as Joint Secretary. The Technical Under Secretary with the Government will be able to deal thoroughly with the question I submit for orders.

In either case the bar of my attendance at the palace durbars may be removed and if this is considered impossible a public notification of my appointment in the Gazette will by itself show that difficulties of my being presumed to be a leprotic patient do not exist. This may be adopted.

II. If none of these alternatives are acceptable and it is still thought I am not fit for public service I beg to submit that it is not possible for me to work under the indecisive and uncongenial conditions., namely (1) glaring supersession by a junior (2) more exacting and onerous work (3) less pay (4) confidential, secret and provisional working (5) lurking suspicions of an undesirable malady- all distressing and depressing factors for efficient work.

(G. C. J.)

NOTE.—Contn. sheet

9

Final Note by the First Member of Council.

Subject:—

Grant of an allowance to Mr. K. Krishna Iyengar, Chief Engineer, Cauvery Valley Irrigation.

Mr. K. Krishna Iyengar, Chief Engineer, Cauvery Valley Irrigation, has made a representation praying for the grant of a special allowance of at least Rs. 300/- per mensem, from 1st January 1920. In support of his representation, he refers to the exacting work he has had to do, especially in connection with the Cauvery Arbitration Case. He also refers to the fact that he lost his chance of the Chief Engineership, owing to circumstances beyond his control.

In forwarding the above representation to the Dewan with my D.O. letter dated 25th April 1920, I wrote that I felt inclined to grant Mr. Krishna Iyengar a local allowance of Rs. 250 under the circumstances.

The question was considered in Council and it was resolved that a duty allowance of Rs. 250/- per mensem may be sanctioned to Mr. Krishna Iyengar with effect from 1st April 1920.

The Financial Secretary has no remarks to offer.

It has been proposed to give the allowance from 1st April last, since the additional work in connection with the Cauvery Arbitration began about that time.

The recommendation of the Council may be graciously approved.

MEMBER OF COUNCIL.

30/6/20

Submitted to His Highness.

I submit herewith a Final Note by the First Member of Council on the subject of the grant of an allowance to Mr. K.Krishna Iyengar, Chief Engineer, Cauvery Valley Irrigation, for His Highness' gracious approval.
